

Petzl E03 050 Headlamp Battery Replacement

This guide will explain the steps necessary to replace the batteries for a Petzl E03 050 headlamp.

Written By: Mike

INTRODUCTION

Is your headlamp not turning on? You may need to replace the batteries.

PARTS:

- [AA Batteries](#) (2)
-

Step 1 — Remove the Cover

- Remove the back cover of the battery housing (found behind the mount assembly) by pulling the small tab on the bottom right corner.

Step 2 — Remove the Old Batteries

- Remove the old batteries by pulling outward the positive end of each battery.

Step 3 — Insert the New Batteries

- Insert the new batteries by inserting the negative end of the battery into the negative side of the battery compartment and pushing the positive end of the battery into the positive side of battery compartment.

Step 4 — Reattach the Cover

- Reattach the back cover of the battery housing by pushing in the bottom half and then pressing the rest of the cover into place.
